During emergencies, seconds count. LiveSafe's check-in feature enables you to quickly touch base with Security via a real-time prompt so you can indicate if you are okay or need help.
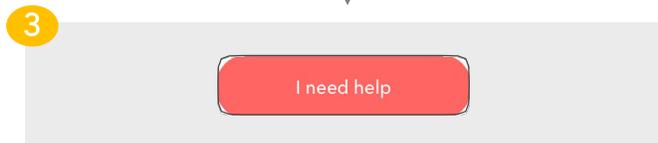

1

SMS   Email   Push

Security will initiate the check-in by sending a prompt via SMS text, email, and/or push notification.

Secure-in-place drill: Respond to let Security know that you...

Open the link provided (for SMS text and email) or tap the notification bubble (for push notification). You can also find it within the app's inbox in the bottom navigation bar.

3

I'm OK

Tap **"I'm OK"** if you are currently safe and do not need assistance from Security.

3

I need help

Tap **"I need help"** if you need immediate assistance from Security. Security will be able to determine your location if you have location services enabled and can contact you via your LiveSafe profile info.

★ If you need to request help from Security and a check-in prompt has not been sent, **use Report Tips or Emergency Options**.
